

Turley Mill

single barrel cask strength straight Rye Whiskey

TAOS LIGHTNING, the oldest spirit brand in America, was originally distilled in 1820 by Simeon Turley of Arroyo Hondo, New Mexico. A popular whiskey among fur trappers, traders and Native Americans, it was sold in the Southwest until 1847, when Turley was killed during the Taos Pueblo Revolt. Some 160 years later the name was resurrected by KGB Spirits as our best selling product from Los Luceros Destilaría.

The initial offering of two barrels, sold exclusively in Santa Fe and Taos, was embraced by connoisseurs of both whiskey and history.

TURLEY MILL is made from 95% rye aged in new charred American Oak. The dry climate and high elevation in New Mexico create a unique aging process. TURLEY MILL is our only cask strength offering. When we select barrels for our 4yr and 5yr TOAS LIGHTENING brands, we find barrels with characteristics that are too unique to fit the flavor profiles of our 4yr and 5yr whiskeys. These unique barrels can have nose, mouth and finishes that range from lemon to white pepper.

TURLEY MILL has an ABV range of 115-128 proof. The age is calculated in months, and the batch sizes are under 200 bottles. Each barrel is hand selected and filtered. Each bottle is hand bottled, numbered and dated.

Cask Strength

Available in 750ml bottles

Winner: anyone who buys a bottle will be a winner!
